The screenshot shows the mobile interface of the TAP website. At the top, there is a black header with the Axnosis logo and the URL <https://tap.axnosis.com>. Below the header is a green navigation bar with a home icon and a 'Browse' button. The main content area is divided into two columns. The left column contains a list of menu items: 'Welcome', 'Home tab/page', '1. CORE MEMBER FUNCTIONS', 'Player profile', 'My clubs', 'My groups', and 'My events'. The right column shows a 'PAGE CONTENTS' section with expandable items: 'Download the app here...', 'Introduction', 'Concepts', 'Terminology', 'Navigation', 'Club members', and 'For managers & administrators'.

A tennis event is basically a competition or tournament where tennis matches are played. Ranging from small local contests to big international championships. Events are things like:

- Club champs
- Leagues
- Socials

Technical bits & bobs

TAP concepts

- Technical bits

- Auto push notifications

- ◆ When club join request is approved/rejected
- ◆ Access card approved/rejected
- ◆ Subscription (fee) payment status updated
- ◆ Court booking confirmed
- ◆ Incident reported against facility (court, clubhouse...)
- ◆ When a player is added to a group (club or event)
- ◆ When scores are submitted where you were one of the players
- ◆ Meeting is scheduled and a player is invited

TAP concepts

- Technical bits

- Recurring batch job

- ◆ Club Year-end: if a club Year-end date has been reached, TAP will automatically extend the new year-end date for a club.
- ◆ Club subscriptions: all club subscriptions will automatically receive a new financial year entry to renew the club fees for the next year.

A batch job is any regularly occurring automated process that groups similar tasks and performs them automatically without needing to be prompted by human interaction

TAP concepts

- Technical bits

- Recurring batch job

- ◆ Club Year-end.
- ◆ Club subscriptions.
- ◆ Payment status: the payment status for player subscriptions associated with the club, will be set to "Pending".
- ◆ Event status: finally, event statuses are updated based on the current date (system date).

A batch job is any regularly occurring automated process that groups similar tasks and performs them automatically without needing to be prompted by human interaction
